COMMUNITY FUNDING SCHEME

The Shire is inviting applications to the Community Funding Scheme for eligible projects in the 2018/19 financial year.

There are three categories to consider including:

Quick Grants (up to \$500)

- Available year-round for small ad-hoc projects or event support
- Aim to provide confirmation of financial assistance within 14 days of application submission

Community Grants (over \$500 & up to \$ 10,000)

- Awarded for projects delivered in the 2018/19 financial year
- Aim to support projects which provide a positive social return to the community

Development Grants (over \$10,000 single amount or recurrent up to three years)

- Awarded for larger expansion projects which may extend up to three years.
- Are awarded support Shire objectives in providing long term benefit to the community

Applications close on Friday the 11th May.

Grant application packs are available from

www.sdwk.wa.gov.au

For further information about the Community Grant Scheme or to discuss your application please contact the Shire Community Development Officer on 08 9191 0999 or email grants@sdwk.wa.gov.au

WHARF UPGRADE PROJECT

The maintenance upgrades to the Derby Port are continuing with the work on the southern abutment expected to be completed by the end of April.

This will reinstate road train access and eliminate the requirement to back individual trailers onto the wharf via the northern abutment.

The Shire recognises the challenges this has brought to users of the wharf and acknowledges their cooperation and patience throughout the very important works program.

Unfortunately there has been some vandalism to the wooden safety rails along the pedestrian section of the northern abutment. This is being repaired and the Shire would like reinforce that a high degree of safety be observed while on the wharf at all times.

SHIRE ROADWORKS

Addressing the Shire road conditions continue to be a high priority. There will be future works planned following the extraordinary rainfall we received during the wet season.

The works scheduled to be completed in the near future include:

Knowsley St West - full reconstruction of road surface:

- Stage 1 - Marmion St to Fairbairn St to be completed by 31 October 2018
- Stage 2 - Fairbairn St to Heytesbury St to be completed 2019/2020
- Stage 3 - Heytesbury St to Ashley St to be completed 2019/2020

SHIRE ROADWORKS

Sutherland St - full reconstruction of road, kerb, crossovers & drains between Loch St and Ord St.

Juld St - full reconstruction of flood damaged pavement between Loch St and Stanley St

Knowsley St East - Pavement repair following repairs to water main, just east of Carnarvon St

Kurrajong Loop - Pavement repair following repairs to water main, intersection with Bloodwood Cres

Coolibah Way - Pavement repairs following repairs to water main, just east of Ashley St and just north of Fitzroy St.
