Election Type	Ordinary

HAMS, Phillip

I have lived in Fitzroy Crossing since 2006, originally moved here to set up a cattle fodder growing operation on Gogo Station. This has proven to be successful largely looking after the properties needs during the mustering season. In the late 80's I worked with the Aboriginal Development Group so the Kimberley Region is one that I have had a longstanding relationship with.

My wife and I having brought up 6 children in a remote town of Bourke NSW, I have a passion to assist the youth of this era to reach their full potential and understand their talents and follow dreams.

Alongside economic development, I think that to move forward there are many other matters to be unfolded and look forward to being focused and working within Local Government to come up with results that work towards developing a sustainable future.
